An International Forum
on Innovation, Technology
and Decision Making in Foot
and Ankle Care

Sponsorship Prospectus

Welcome

Dear Colleagues and Friends,

Welcome to the first Foot & Ankle Future Forum (FAF), taking place 26-28 November in Sofia, Bulgaria.

Foot & Ankle Future Forum (FAF) was created as an independent international platform dedicated to exploring the future of Foot & Ankle care.

Modern Foot & Ankle practice is evolving rapidly. Advances in surgical techniques, regenerative medicine, digital technologies, and data-driven clinical decision-making are transforming the way specialists diagnose and treat complex conditions. At the same time, the increasing integration of surgical and non-surgical approaches requires new models of collaboration and scientific dialogue.

FAF will be a unique international space where experts can critically analyze these developments and discuss the challenges and opportunities that will shape the future of the field.

FAF is designed as a forum for discussion, innovation, and strategic thinking. The meeting brings together leading clinicians, researchers, engineers, and industry innovators to exchange ideas and evaluate emerging concepts in Foot & Ankle care.

The scientific philosophy of FAF is based on three core pillars:

- **Innovation** - Exploring new concepts, technologies, and treatment strategies that may influence the future of Foot & Ankle medicine.
- **Technology** - Evaluating the role of digital tools, imaging, artificial intelligence, and novel medical devices in improving patient care
- **Clinical Decision-Making** - Promoting critical discussion on treatment strategies and practical decision-making in complex clinical scenarios.

FAF will also hold an Instructional Course Program, providing structured educational sessions for advanced residents, fellows, and early-career clinicians interested in Foot & Ankle care.

We invite you to be sponsors and exhibitors at this new and exciting Forum.

Prof. Ezequiel Palmanovich
Founder and International President

Dr. Atanas Katsarov
Local Congress President
